Re: Objection to Republican Petitions

Dear Mrs. Schwartz,

Thank you for receiving and fulfilling my recent OPRA request, #0627-26. After conducting our own independent review of the petitions for County Surrogate and Commissioner submitted by the Republican candidates, we believe there is sufficient grounds to challenge the petitions based on the statutory requirements in N.J.S.A. Title 19.

It is our assessment that due to multiple factors, the petitions submitted for each office contain a multitude of errors that warrants their rejection by the clerk's office. We have noted each of these errors in detail below as well as, when applicable, the individual line on each petition where the offending signature is located. In total, we believe that of the signatures collected in support of Mike Boyd's candidacy for Surrogate, only 11 signatures were properly submitted to your office. We also believe that of the signatures collected in support of Joe Abegg and James Melton's candidacies for Commissioner, only 213 signatures were properly submitted to your office. These totals fall short of the minimum requirement necessary to appear on the ballot in June.

As previously stated, attached to this letter you will find a full list of the signatures we believe should be rejected and our rationale. I appreciate your consideration of this matter and thank you for your attention to this request.

Sincerely,

A handwritten signature in black ink, appearing to read 'MR', with a horizontal line extending to the right.

Matt Riggins
Chairman, Burlington County Democratic Committee

Surrogate Petitions

As per the submission guidelines outlined in the petition document posted on the Burlington County Clerk website, the following conditions must be met for a petition to be accepted (among others):

1. The petition must be signed only by members of the party collecting signatures; and
2. The petition must be signed by the circulator, who must also fill out an affidavit to be notarized attesting to such.

Given these conditions, we present the following claims.

As to the petition whose first page has in the top right hand corner a circled number one and an A (referred to hereafter as “Petition A”):

1. The circulator is listed as Aiden DeMarsey. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Mr. DeMarsey did not sign this petition. Therefore, the 14 signatures within should be rejected.

As to the petition whose first page has in the top right hand corner a circled number two (referred to hereafter as “Petition B”):

1. The circulator is listed as Aiden DeMarsey. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Mr. DeMarsey did not sign this petition. Therefore, the 24 signatures within should be rejected.
2. Of the signatures we believe should be rejected, the following other errors are apparent:
 - a. Alex Bernstein of 87 Brooks Road, Moorestown (Line 23) should be removed for an improper signature.
 - b. Jon Vitale of 116 Dixontown Road, Medford (Line 24) is not a registered voter and is thus unable to sign the petition.

As to the petition whose first page has in the top right hand corner a circled number three (referred to hereafter as “Petition C”):

1. The circulator is listed as Aiden DeMarsey. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Mr. DeMarsey did not sign this petition. Therefore, the 20 signatures within should be rejected.
2. Of the signatures we believe should be rejected, the following other errors are apparent:
 - a. Vincent Reilly of 32 E Church Street, Bordentown City (Line 10) signed Petition A and should not be counted again.

- bbb. Caelan McBride of 110 Rambling Road, Lumberton (Line unlisted) is an unaffiliated voter and is thus unable to sign the petition.

As to the petition whose first page has in the top right hand corner a circled number ten (referred to hereafter as "Petition J"):

1. The circulator is Terry Corte. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Ms. Corte did not sign the petition. Therefore, the six signatures within should be rejected.
2. Of the signatures we believe should be rejected, the following other errors are apparent:
 - a. Raymond Roardarmel of 204 North Arthur Drive, Edgewater Park is an unaffiliated voter and is thus unable to sign the petition.
 - b. Susan Polito of 209 Carl Avenue, Edgewater Park submitted a signature that is nearly identical to that of her husband, Gary Polito. We believe it is not her signature and should be rejected.

As to the petition whose first page has in the top right hand corner a circled number twelve (referred to hereafter as "Petition L"):

1. The circulator is Alex Bernstein. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Mr. Bernstein did not sign the petition. Therefore, the five signatures within should be rejected.
2. Of the signatures we believe should be rejected, the following other errors are apparent:
 - a. Ava Bernstein of 87 Brooks Road, Moorestown is an unaffiliated voter and is thus unable to sign the petition.
 - b. Sheryl Mosko of 37 Liverpool Way, Medford is an unaffiliated voter and is thus unable to sign the petition.

As to the petition whose first page has in the top right corner a circled number thirteen (referred to hereafter as "Petition M"):

1. The circulator is Anthony Veneri. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Mr. Veneri did not sign the petition. Therefore, the ten signatures within should be rejected.
2. Of the signatures we believe should be rejected, the following other errors are apparent:
 - a. The petition is notarized by Ansh Sharma, a notary public from Bucks County, Pennsylvania. Given that it was not notarized in New Jersey we believe this violates the guidelines of the affidavit.

We make no claim as to the signatures in Petition F or Petition K.

With those signatures being rejected due to improper filing, and with the remaining signatures totaling 11, we argue that the filers fall short of the 269 signatures required to be listed on the ballot and therefore should not be listed. Even if all of the duplicate signatures and unaffiliated voters across all invalid petitions were to be counted, the petitions would *still* be short of the 269 requirement.

In conclusion, due to these irregularities as well as the lack of proper circulation, we believe these petitions should be thrown out and only the 11 properly obtained signatures should be considered.

Commissioner Petitions

As to the petition whose first page has in the top right hand corner a circled number ten (referred to hereafter as "Petition J"):

1. The circulator is listed as Alex Bernstein. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Mr. Bernstein did not sign the petition. Therefore, the five signatures within should be rejected.
2. Of the signatures we believe should be rejected, the following other errors are apparent:
 - a. Ava Bernstein of 87 Brooks Road, Moorestown is an unaffiliated voter and is thus unable to sign the petition.
 - b. Sheryl Mosko of 37 Liverpool Way, Medford is an unaffiliated voter and is thus unable to sign the petition.

As to the petition whose first page has in the top right hand corner a circled number eleven (referred to hereafter as "Petition K"):

1. The circulator is listed as Anthony Veneri. According to the rules set forth in the petition document, the circulator must sign the petition they circulate. Mr. Veneri did not sign the petition. Therefore, the nine signatures within should be rejected.
2. Of the signatures we believe should be rejected, the following other errors are apparent:
 - a. The petition is notarized by Ansh Sharma, a notary public from Bucks County, Pennsylvania. Given that it was not notarized in New Jersey we believe this violates the guidelines of the affidavit.

We make no claim as to Petition E.

With those signatures being rejected due to improper filing, and with the remaining signatures totaling 213, we argue that the filers fall short of the 269 signatures required to be listed on the ballot and therefore should not be listed. Even if the unaffiliated voters on Petition I were to be counted, they would *still* fall short of the 269 requirement.

In conclusion, due to these irregularities as well as the lack of proper circulation, we believe these petitions should be thrown out and only the 213 properly obtained signatures should be considered.
