

# LOCAL ARTS GRANT WORKSHOP

**Tuesday, September 20 • 6pm**

**Smithville Mansion Annex Gallery  
803 Smithville Road, Eastampton**

- ***Guidelines and application process for 2017.***
- Offered by the Burlington County Division of Parks, Office of Cultural and Heritage Affairs.
- Workshop is for arts non-profit organizations
- Attendance is highly recommended
- **Description:** The re-grant application and process for arts will be covered in detail, including budget forms, narrative and attachments. Additionally, the workshop will cover how to bring full accessibility to your organization's programming. Being accessible is more than ramps and bathrooms – it is an organizational sensibility that includes marketing, planning, board development, and audience growth. Finally, we'll take a look at strategic plans and annual reports – where does your organization want to be in five years and what is it doing today to get there? Keeping your eyes on the prize can be difficult when daily challenges are being tackled.

***RSVP no later than September 15 by emailing Kim Brown  
([kbrown@co.burlington.nj.us](mailto:kbrown@co.burlington.nj.us)) or calling 609-265-2445***

Presented by Matthew E. Pisarski, a licensed planner who serves as Assistant Planning Director for the County of Cumberland and Executive Director of the Cumberland County Cultural & Heritage Commission. With a Master's degree in Historic Preservation from the University of Pennsylvania, Matthew has specialized in land preservation and community planning, emphasizing the comprehensive role of preservation of place in community development. He currently serves on the Greenwich Township Sustainability Committee, the University of Pennsylvania School of Design Alumni Association Board and the Ocean County Grant Review Panel.
