COUNTY HEALTH DEPARTMENT BOOKS 26 FLU IMMUNIZATION CLINICS

Online Appointments Available to Residents

The Burlington County Health Department will kick off its seasonal flu campaign beginning with two immunization clinics on Monday, September 17th, and residents will have the added convenience of being able to schedule appointments online, Freeholder Mary Ann O'Brien announced today.

These first two clinics will be held from 1 to 4 PM at both Burlington Center and Moorestown Malls. There will be no charge for those with Medicare Part B as their primary insurance. A donation of \$15 for seasonal flu vaccine is recommended by those not covered by Medicare, if residents can afford it.

"Our health professionals have told us time and again that getting vaccinated is the single best way to protect not only themselves against the flu, but also their family members and everyone they routinely come in contact with," said O'Brien. "The online scheduling process should streamline things for those with computer access."

The Health Department advises residents they can schedule their flu shots by visiting the department's website at www.co.burlington.nj.us/health. Residents who have scheduled their appointment online, and who bring the printed and completed consent form can be "fast-tracked" through the clinic. Walk-ins are still welcome and encouraged; however, the process may take longer.

"The clinics are scheduled at various locations throughout the County over the next two months," O'Brien said. "I hope and believe that we have done everything humanly possible to make this convenient for all residents."

PRESS RELEASE: Flu Clinics – 9/6/12 – Add One

Both the traditional seasonal flu vaccine and pneumonia vaccine will be offered at all of the other clinics. Again, Medicare Part “B” can be accepted to cover the cost for seasonal flu and pneumonia vaccines. A donation of \$15 for seasonal flu vaccine and \$25 for pneumo is recommended by those not covered by Medicare if residents can afford it.

Those who have Medicare coverage and belong to a managed care plan or HMO, should go to their regular health care providers to receive immunizations.

The Health Department will provide adult seasonal flu and pneumo vaccine at the following locations:
