## Antibody Test

*This test detects antibodies to see if you have been exposed to COVID-19 (past infection). Antibody test will not tell you if you have immunity.*

#### **LabCorp**

Individuals have the ability to receive the COVID-19 IgG antibody test from their doctor, in person or through a telemedicine program, and now directly using [www.LabCorp.com/antibody-testing](http://www.LabCorp.com/antibody-testing).

#### **Quest**

You can make an appointment at a Quest patient service center for an immune response test, <https://appointment.questdiagnostics.com/patient/confirmation>. However, your doctor must have submitted an order for your test or you must have purchased one through QuestDirect.

#### **Central Jersey Urgent Care – Browns Mills**
