

Welcome

Encompassing over 370 acres, Crystal Lake Park welcomes visitors to a rugged and topographically unique setting. With upland and lowland forests, a freshwater lake and wetlands, diverse vegetation and bird species, visitors can enjoy hiking, biking, fishing and horseback riding in a rustic natural atmosphere. The rural and rugged feeling of the park's natural surroundings has been maintained to create a wilderness experience for all who visit.

View a variety of habitats and the multitude of wildlife species they support from natural overlooks and ridges along the trails. Bring your camera to photograph the many birds, butterflies and wildflowers that bloom from spring to early autumn. The Park is home to native rhododendron and mayapple, and more than 100 other species of plants, many of which are extremely rare for Southern New Jersey. Surprises can be found at nearly every turn in the trail.

Crystal Lake is also part of a working farm. Please respect the agricultural areas.

We hope you enjoy your park!

Facilities & Activities

Crystal Lake Park is open to the public from 8 AM to dusk. Park facilities currently available include:

- Hiking, fishing, mountain biking
- Restroom facilities
- Picnic areas and pavilion with grills
- Equestrian trails, trailer parking, accessible mounting ramp, hitching posts

Trail Use

Crystal Lake features 9 miles of trails traversing a variety of terrain. Please stay on the trails and be mindful of the terrain. **Some trails are quite steep and slippery after rain.** Park trails are designated for shared use by hikers, all-terrain bicyclists and horseback riders. Cross-country skiing and snowshoeing are also welcome when trails are snow-covered. Crystal Lake is a main access point for a portion of the Delaware River Heritage Trail, a regional multi-use paved trail that will follow the Delaware River corridor. The section through Crystal Lake and beyond towards Roebling is known as the Rt. 130 Bypass Trail.
